

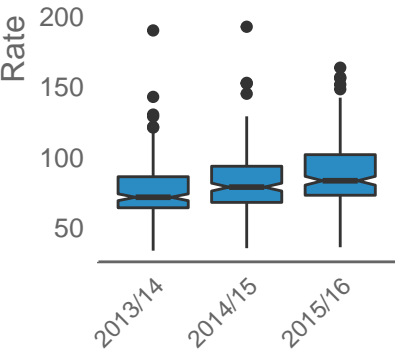

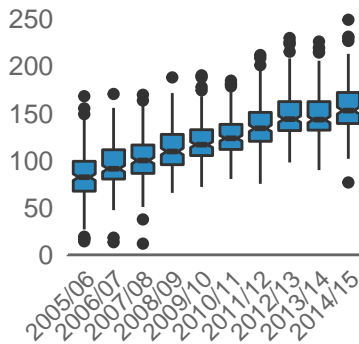

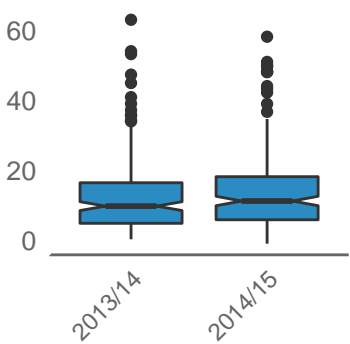

Map 1: Rate of computed axial tomography (CT) activity per weighted population by CCG

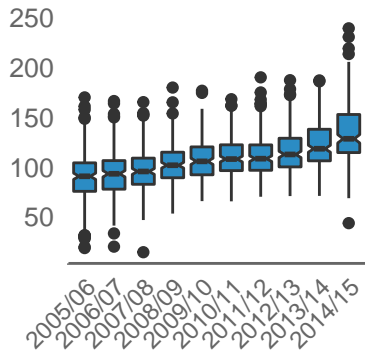

Map 16: Rate of colonography procedures and flexible sigmoidoscopy procedures per population by CCG

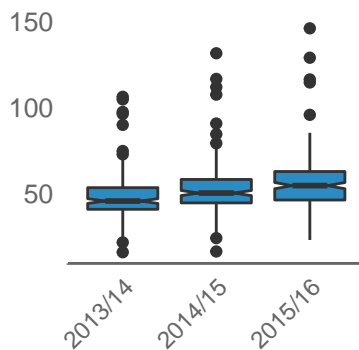

Map 17: Rate of computed tomography (CT) colonography procedures per weighted population by CCG

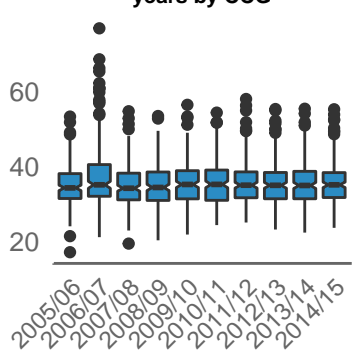

Map 19: Rate of gastroscopy (upper gastrointestinal endoscopy) procedures per population by CCG

Map 2: Rate of magnetic resonance imaging (MRI) activity per weighted population by CCG

Map 20: Percentage of patients undergoing gastroscopy (upper gastrointestinal endoscopy) procedures aged under 55 years by CCG

Map 22: Rate of endoscopic ultrasound procedures per population by CCG
